

Vega Systems Inc. Announces Reseller Agreement with Convergent

Campbell, CA – March 29, 2022 — Vega Systems, Inc., a high availability surveillance solutions provider for critical infrastructure, today announced a reseller agreement with Convergent, a global, service-based system integrator focused on mission-critical security, fire, and life safety infrastructure.

As a Convergent partner, Vega Systems' Redundancy Management Framework (RMF) and SureStream solutions will be available to Convergent's US customers.

Purpose-built for Milestone XProtect, Vega Systems' solutions mitigate the impact of many types of software and infrastructure failures. In addition, solutions empower critical infrastructure facilities with on-prem deployments to migrate to a hybrid redundancy architecture in a scalable manner.

About Vega Systems, Inc.

Vega Systems' solutions deliver high video availability at critical infrastructure surveillance installations such as airports, seaports, power plants, data centers, and military facilities. For more information, visit <https://www.vega25.com>.
